

# How Do You Know When You've Chosen the Right Information System?

Look for product development principles focused on your biggest needs. Digitech Systems products are **easy to use** to shorten your adoption curve, **architecturally flexible** to integrate easily into your processes, and full of the **features and functionality** you need to securely manage your business information. All wrapped within a structure that offers a sensible balance between **price and performance**.

## Why do you need the Big Four?

80%

80% of features in the average software product are never used  
-Forbes, 2019

22%

Fewer than a quarter of employees in the U.S. feel their workplace technology is more user-friendly than their personal technology  
-Forbes, 2019

82%

82% of organizations see the rising volume of information as a significant problem. 73% are also concerned about the explosion of information.  
-AIIIM, 2019

## How do the Big Four help you manage information?

### Ease of Use

We turn the complexity of ECM into a friendly user interface, so when you sit down with our products, you won't have a gigantic learning curve.

“It shouldn't have to be so hard, it shouldn't have to cost so much”

-Scott Matthews, Founder, Digitech Systems

### Architectural Flexibility

Our products can easily integrate with virtually any line-of-business (LOB) application and can scale to accommodate any amount of data and any number of users.

“The PaperVision® product suite added to how we run our business processes, making things smoother, quicker, and allowing secure access to information whenever we need it”

-Nye Horner, Amherst Label

### Feature Functionality

Solve any problem and achieve any goal; our entire product suite is at your fingertips and can be customized to your unique situation.

“Digitech Systems offered the only comprehensive Enterprise Content Management solution that would allow us to go paperless at a fair price point”

-Stefanie Evans, GPC Contracting

### Price Performance

We are passionate about what we do, and we believe you should receive quality, high-performing products and services at fair prices.

“PaperVision® lets customers pay for what they need now and add functionality as their needs evolve”

-Jamie Bsales, Buyers Laboratory
